2:00 - 4:30pm	<p>Offsite Tours and Presentations:</p> <p>Tour A - Vancouver Convention Centre Expansion Project With its spectacular mountain views and waterfront location this project will become the jewel in the crown of an already spectacular waterfront city. Built over land and water on some 1,000 piles, the Vancouver Convention Centre Expansion Project is scheduled to be complete in late 2008. This project will include a six acre green roof, one of the largest of its kind in the world, floor-to-ceiling glass throughout, and a glass-walled connector that will link it to the existing Vancouver Convention Centre. Come join one of the project architects for a tour of the design processes and view this 1.1 million square foot addition to our waterfront.</p> <p>Tour B - Shangri-La Hotel, Vancouver Legendary Asian hospitality is coming to Vancouver. This unique project will be one of the first Shangri-La Hotels in North America. The hotel will occupy the first fifteen floors of this new 62-storey landmark building, making it the tallest building in Vancouver. We will be highlighting the architectural features built into the design and provided insight by the project architect and the general contractor currently designing and building the Shangri-La Hotel Vancouver.</p> <p>Tour C - SFU Segal Graduate School of Business, Vancouver Come join this tour and see a historical building retrofit of a 1916 temple bank building. This site is currently occupied and you will be able to see a magnificent interior retrofit that dates back to its original design complete with restored coffered ceilings. To complement its historic interior reception foyer the teaching and administration areas are state of the art. Come and see how new meets old. Join the architects and learn how they accomplished this spectacular historic retrofit.</p>	Tour of Steveston, Buddhist Temple, and Shopping at Aberdeen Mall (return by 4:45 latest)
